IMPAIRMENT DETAILS

The level of impaired loans by class of loan is set out below. In the Note below.

Carrying Value is the amount of the balance sheet gross of provision (net of deferred fees)

Past due loans is the 'on balance sheet' loan balances which are behind in repayments past due 90 days or more but not impaired

Impaired loans value is the 'on balance sheet' loan balances which are behind in repayments past due by 30 days or more

Provision for impairment is the amount of the impairment provision allocated to the class of impaired loans

The losses in the period equate to the additional provisions set aside for impaired loans, and bad debts written off in excess of previous provision allowances.

The impaired loans are generally not secured against residential property. Some impaired loans are secured by bill of sale over motor vehicles or other assets of varying value. It is not practicable to determine the fair value all collateral as at the balance date due to the variety of assets and condition

General Reserve for Credit Losses

In addition to the above provision for impairment, the board has recognised the need to make an allocation from retained earnings to ensure there is adequate protection for members against the prospect that some members will experience loan repayment difficulties in the future. The reserve is based on estimation of potential risk in the loan portfolio based upon the level of security taken as collateral.

The reserve has been determined on the basis of the past experience with the loan delinquency and amounts written off. The amounts of the reserve is currently \$8,181,915 (Previous Quarter was \$5,629,429).

The value of the reserve is amended to reflect the changes in economic conditions, and the relevant concentrations in specific regions and industries of employment within the loan book.
